

SKPF000111

Deli display cases support for polling devices

Attach your polling terminals directly onto the deli display cases

The display case mount allows positioning the Smilio S survey terminals directly in front of the customer during their shopping experience. This mount maximizes survey participation while preventing employees from cheating by pressing the terminal instead of the customers.

PRODUCT DESCRIPTION

For Smilio S terminals only

- The deli display cases support is composed of a unique white PVC rigid plate
- Weight (without the device): 260 g
- Fixing mode: to be hung (clamping screws provided)

- Customizable: application of a tailor-made adhesive (included)

Weight 0,26 kg
